#### Key Judgemen

C1

The loss allowances for receivables are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history and existing market conditions, as well as forward-looking estimates at the end of each reporting period.

#### Measurement and recognition

Receivables from livestock sales and Finance Receivables are measured on initial recognition at fair value, and are subsequently carried at amortised cost, less provision for expected credit losses.

For Receivables from livestock sales, the provision for expected credit losses is based on the simplified approach, as permitted by NZ IFRS 9, and records the loss allowances as lifetime expected credit losses from recognition. These are the expected credit losses that result from all possible default events over the life of the financial instrument.

Finance Receivables are reviewed on an individual basis to determine whether any amounts are unrecoverable and an expected credit loss provision is recorded. The expected credit losses are based on management's assessment of amounts considered uncollectible for specific customers based on age of debt, history of payments, account activity, current and future economic factors and other relevant information. Debts known to be uncollectable are written-off as bad debts to the profit and loss when identified.

#### C2 Investments

#### New Zealand Rural Land Company Limited

In December 2020 Allied Farmers Limited acquired 900,000 shares at an issue price of \$1.25 per share in New Zealand Rural Land Company Limited for a total cost of \$1,125,000. This holding represented a 1.49% ownership in New Zealand Rural Land Company Limited as at 31 December 2020. These shares are equity investments, quoted in the active market, which the Group has elected to designate as a financial asset at fair value through other comprehensive income (FVOCI). The fair value of these shares as at 31 December 2020 is consistent with their carrying value and accordingly no adjustment to Other Comprehensive Income is considered necessary.

On 18 December 2020 Allied Farmers Limited purchased a 50 percent interest in NZ Rural Land Management Partnership (NZRLM). NZRLM is the external manager of The NZ Rural Land Company Limited (NZRLC) which listed on the NZX on Monday 21 December 2020. The NZRLM acquisition price paid was 5 million ALF shares at NZ\$0.50 cents per share (cps) representing a total cost of \$2,500,000. The Group applies NZ IFRS 11 to all joint arrangements. Under NZ IFRS 11 investments in joint arrangements are classified as either joint operations or joint ventures depending on the contractual rights and obligations of each investor. The Group has assessed the nature of this joint arrangements to be a joint venture. As a joint venture, the Group applies the equity method of accounting. Under the equity method the investment is initially recognised at cost, and the carrying amount is increased or decreased to recognise the investors share of the profit or loss of the investee after the date of acquisition.
