

### HALF YEAR REPORT

For the Six Months Ended 31 December 2019

# The Colonial Motor Company Limited HALF YEAR REPORT

### For the Six Months Ended 31 December 2019

57 Courtenay Place Wellington 19 February 2020

Dear Shareholder

### Trading profit after tax at \$8.031m is down 25% on the same period last year Interim dividend unchanged at 15 cents per share

Total revenue for the Group declined 11% compared to the same period last year. This flowed directly through to a lower trading profit after tax. The sales decline was most noticeable in the December quarter.

In the new vehicle market, the total industry was down 4.3% year on year, with both of our two major brands, Ford and Mazda, having a reduced market share in the smaller market.

Southpac's sales of heavy trucks also declined, reflecting a lower level of customer orders in the middle months of 2019 and the pending introduction of a completely new model DAF with Euro 6 emission standard engines in February 2020. Southpac expects to deliver significantly more trucks in the next six months.

These accounts are the first that the Group has prepared which comply with NZ IFRS 16 bringing balances for property leases onto the statement of financial position. The Group owns most of the properties that it occupies, with relatively few leased properties. The standard requires us to recognise liabilities of \$15.6m offset by right of use assets valued at \$13.8m. The effect on the statement of financial performance is not material. See page 3 for more information.

### **Developments**

Major developments continue at

- · Cromwell new facilities for Agricentre South (Case tractors)
- Wanaka new service centres for Macaulay (Ford & Mazda) and Southern Lakes (Mitsubishi & Nissan)
- · Christchurch the Team Hutchinson Ford greenway project
- · Lower Hutt the new central hub for the Wellington region
- · Manukau building upgrade for South Auckland Motors
- Botany new facility for Southern Autos Manukau (Suzuki, Peugeot & Citroen)
- · Nelson KIA opened its new stand-alone leased facility on Rutherford Street

#### Outlook

The results for the next six months are anticipated to be similar to the last six months. However, the market is sensitive to unexpected events and so will continue to be uncertain. For example, the current coronavirus outbreak has the potential to impact on revenue and profit.

### Dividend

The directors have declared a fully imputed dividend of 15 cents per share, totalling \$4.904m. This is unchanged from last year. The interim dividend will be paid on 20 April, with a record date of 9 April 2020.

For and on behalf of the Board J P Gibbons CHAIRMAN

### Accounting for leases and adjustment of comparatives

A new accounting standard, NZ IFRS 16 – Leases, came into effect on 1 July 2019. The adoption of this standard requires the recognition of a right of use asset and a corresponding lease liability in connection with all agreements previously treated as operating leases. The right of use asset is depreciated over the life of the lease while the lease liability is repaid over the same period with a charge being recognised in profit or loss for the implied interest cost. The Group has elected to recognise the asset and associated lease liability from the start date of each lease. The comparatives for June 2019 and December 2018 have been restated to recognise this change. All of the leases relate to the rental of land and buildings used in the Group's trading operations.

The impact of this change on the comparatives is as follows:

		As previously stated \$'000	Assets \$'000	Liability \$'000	Deprec- iation \$'000	Interest \$'000	Other costs – rent \$'000	Deferred tax \$'000	Minority interest \$'000	Restated

Macaulay Motors service workshop on Grant Road in Queenstown was badly damaged by a fire in May 2019.

The workshop has been rebuilt and service resumed in early February 2020.

The new stand-alone leased facility for MS Motors trading as Nelson KIA on Rutherford Street opened in late January.

The Glenda Drive property in Queenstown, previously occupied by Macaulay Motors, has been renovated making way for the latest dealership to join the Group – Southern Lakes Motors representing Mitsubishi and Nissan.

The aftermath of the recent fire in M S Ford's workshop. The fire took place late on a Saturday so no-one was on the premises. Service has quickly resumed at a nearby location with plans now in motion for a more permanent solution.

Construction of Agricentre South's new facility in Cromwell is underway on Old Saleyard Road.

This month Southpac Trucks are launching the all new DAF Euro 6 low emission range of trucks.

Pre-production test trucks were put into service in early 2019 to conduct real-time testing in some of New Zealand's most arduous conditions using satellite data tracking to validate and improve the range.

Pictured to the right is Raoul Wijnands from DAF who personally came to New Zealand to oversee the validation work. Beside him is Steve Herring (Southpac), Peter Dynes from Dynes Transport, one of the customers operating a Euro 6 DAF, and Richard Smart (Southpac).

Trans-West Freighters of Methven operate this new Euro 6 DAF CF between Canterbury and Greymouth over Porters & Arthurs Passes. Pictured to the left is Philip Wareing, Owner and Tracey McKenzie, Operations Manager of Trans-West. Each new model DAF includes driver training to ensure they can understand the technology and get the best fuel efficiency.
