# GENERAL FINANCE LIMITED Quarterly report as at 31 March 2019

#### **KEY RATIOS**

#### Capital

	31 March 2019
Our capital ratio calculated in accordance with the 2010 Regulations*	34%
Minimum capital ratio required by our Trust Deed	8% if we have a credit rating**, or 15% if we do not have a credit rating
Minimum capital ratio that must be included in the trust deed under reg 8(2) of the 2010 Regulations*	8% if we have a credit rating, or 10% if we do not have a credit rating

The capital ratio is a measure of the extent to which General Finance is able to absorb losses without becoming insolvent. The lower the capital ratio, the fewer financial assets General Finance has to absorb unexpected losses arising out of its business activities.

<sup>\*</sup> Deposit Takers (Credit Ratings, Capital Ratios, and Related Party Exposures) Regulations 2010

<sup>\*\*</sup> The creditworthiness of General Finance is not rated by an approved rating agency. This is because we operate under the Deposit Takers (Credit Ratings Minimum Threshold) Exemption Notice 2016, exempting us from the Nonbank Deposit Taker Act 2013 requirement to have a credit rating. The exemption applies because we have liabilities of less than \$20 million, making it unduly onerous to comply with the requirement to have a credit rating, and because we maintain a capital ratio of at least 10%. This means that General Finance has not received an independent opinion, from an approved source, of its capability and willingness to repay its debts.

#### **Related Party Exposures**

	31 March 2019
Our aggregate exposures to related parties as calculated in accordance with the 2010 Regulations*	6%
Maximum limit on aggregate exposures to related parties that we must not exceed that is included in our Trust Deed	10% of capital
Maximum limit on aggregate exposures to related parties that we must not exceed that must be included in our Trust Deed under reg 23(3)(b) of the 2010 Regulations*	15% of capital

Related party exposures are financial exposures that General Finance has to related parties. A related party is an entity that is related to General Finance through common control or some other connection that may give the party influence over General Finance (or General Finance over the related party). These related parties include our directors, our parent company Corporate Holdings Limited and Investment Research Group Limited.

<sup>\*</sup> Deposit Takers (Credit Ratings, Capital Ratios, and Related Party Exposures) Regulations 2010

# Liquidity

	31 March 2019
Our liquidity calculated in accordance with the quantitative liquidity requirements included in our Trust Deed	22.54 times
The minimum liquidity requirements required by our Trust Deed	A liquidity cover ratio of 1.25 times

Liquidity requirements help to ensure that General Finance has sufficient realisable assets on hand to pay its debts as they become due in the ordinary course of business. Failure to comply with liquidity requirements may mean that General Finance is unable to repay investors on time, and may indicate other financial problems in its business.

1 May 2019

Total assets (B)	20	,143,167		
Operational and Market Exposure	s (A+B)	)/2x0.175		2,816,552
Total Exposures				14,862,556
Capital Ratio (being Total Capital/Total Exposur	res)			34%

## **AGGREGATE EXPOSURE TO RELATED PARTIES**

Loans to related parties (A)	307,254
Other related party exposures (B)	-
Capital	5,008,991
(A + B) / C	6%

\*Related party exposures are calculated by dividing total related party exposures by Capital (per 2010 Regulations).

## **LIQUIDITY**

(A + B) / C	22.54 times
3 month expected gross deposit redemptions (C)	328.080
3 month expected loan receivables (B)	4,579,319
Liquidity (A)	2,814,108

<sup>\*</sup>The Liquidity Cover Ratio is calculated by dividing Liquidity plus the 3 month expected loan receivables, by the 3 month expected gross deposit redemptions.
